

SAUK VALLEY ANGUS

BULL & FEMALE SALE

SATURDAY, MARCH 23, 2024

12:00 NOON AT THE FARM, SOUTH OF ROCK FALLS, ILLINOIS

SANDROCK FAMILY

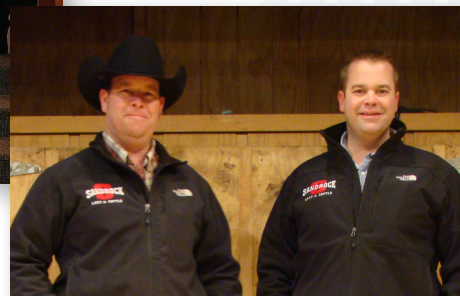

Dear Angus Friends,

Welcome to the 2024 Sauk Valley Angus Sale and thank you for your continued confidence in our breeding program. As we prepare for this, our 41st Angus sale at the Valley, we feel truly blessed by the opportunity to do what we love and form so many valuable friendships along the way. We sincerely hope that our passion for the Angus breed reveals itself in our sale offering. This is a really stout, balanced set of bulls that are designed to take the guess work out of the breeding programs at their new homes.

The bulls in this sale offer transformational genetics in phenotypic packages that really hit the mark. Our NWSS Denver Pen Bulls were very well received and are highlighted by SVA Iconic 3022, an absolute powerhouse who is destined to be a real game changer. A set of big, stout two-year-olds are ready for heavy service and the fall bulls are as powerful as any set that we have ever offered. As always, the bulls have been developed on a high roughage silage-based ration. The offering is rounded out by an exceptional set of young females that will go on to do great things. We offer free delivery, or \$50/head discount if you take them home on sale day, they are 100% guaranteed.

The friendships that we have formed with cooperators and customers alike are invaluable. . . the people make the difference. We would like to thank Hackett Farms, Pyszka & Sons Cattle and Evers Farms for their participation in this event. Please mark your calendars for March 23rd, and join us early to view the cattle and have lunch. As always, if there is anything we can do to assist you in any way, please don't hesitate to contact us.

Thanks again,
Ben Sandrock 815-499-2271

COMMENTS FROM THE SALE MANAGER:

The popular 2024 National Western Pen of Bulls exhibited by Sauk Valley Angus headline this powerful event comprised of spring yearling, fall yearling and two-year-old Angus bulls along with an elite set of females that are sure to please. Represented are breed-leading genetics from this time-tested program.

It is certainly a pleasure to work with the entire Sandrock and King families in the presentation of this important annual production sale. Make plans now to be a part of it!

Please don't hesitate to call on us at American Angus Hall of Fame if we can be of assistance with your selection decisions. We are here to serve.

Sincerely,
 Tom Burke, Kurt Schaff, and Alex Popplewell

• NATIONAL WESTERN PEN OF BULLS MEMBER

- This outrageously popular member of the 2024 Sauk Valley National Western Pen of Bulls has it all – correct, thick and bold sprung with extra stoutness and bone to be a true herd changer.
- Ranking at the top of the chart in multiple categories, this performance leader records an individual weaning ratio of 131 and an individual yearling ratio of 126.
- His sire, DB Iconic G95, is the popular Genex sire who ranks fourth for annual registrations.
- The dam of this bull records progeny weaning and yearling ratios of 117 and 118 respectively on two calves and she is a deep ribbed, square hipped and feminine made powerhouse with a perfect udder from the Dakota Blackbird family.
- A maternal brother sold for \$6,000 in the 2023 Sauk Valley Sale.
- This ranks first for both 205-day weight and 365-day weight.

Sauk Valley Angus have been consistent competitors in the annual National Western Pen of Bulls competition in Denver, Colorado. The bulls who competed in 2024 highlight this landmark event.

• **FOR REFERENCE ONLY**

- The \$28,000 top-selling Lot 1 bull of the 2023 Sauk Valley Sale whose first progeny sell in this sale.
- The massive bull who stole the hearts of spectators at the prestigious 2023 National Western Stock Show where he led off the heaviest and most popular pen of bulls in their age division.
- Aptly named, this powerful performance bull earned an incredible individual weaning ratio of 120 along with an equally impressive individual yearling ratio of 117 and admirable individual IMF and ribeye ratios of 124 and 115 respectively as a standout in his competitive field of contemporaries at Sauk Valley Angus.
- The Pathfinder Dam of this bull has produced five natural sons who have been the Sauk Valley National Western Pen of Bulls over the years, including four maternal brothers that have averaged \$6,100 in Sauk Valley Sales, and she records progeny weaning and yearling ratios of 104 and 105 respectively on seven natural calves along with progeny IMF and ribeye ratios of 125 and 112 respectively on six head.
- The popular and proven sire of this bull has ranked in the top two for annual registrations for two consecutive years and currently ranks first.
