WELCOME!

Dear Angus Friends,

Welcome to the 2020 Sauk Valley Angus Bull sale and thank you for your continued confidence in our program. As we begin to prepare for this, our 37th Angus sale at the Valley, we feel so blessed to have been part of such an exciting industry for over 70 years and to have made so many good friends along the way. The Angus cattle business is our passion and has been a driving force, enriching our lives for generations. These bulls represent several decades of strict adherence to basic breeding principles. These are balanced trait bulls with an emphasis on economically important traits. They are designed to keep our customers "in the black" and at the forefront of this ever-changing industry for years to come.

The SVA 2020 NWSS Pen Bulls were met with great enthusiasm in the Yards this year. They will highlight the offering and go on to make their respective marks on the new herds that they will soon call home! SVA Unanimous Decision 9031 was lauded as the greatest show bull that SVA has ever taken to the NWSS, and SVA Reagan 8304 was the talk of the Yards as he was praised for his powerful phenotype and unparalleled performance, coupled with his tremendous EPD profile. The balance of the 2020 bulls are a tremendous set of bulls, featuring a group of stout, rugged fall bulls that will be ready to see heavy service this spring. The 2020 sale bulls have been developed on a high roughage, silage-based ration which will allow them to mature into functional young sires that will excel in athleticism, fertility, soundness, and longevity. You can buy with confidence as these bulls come 100% guaranteed. We offer free delivery and yardage until turnout on all bulls, or take them home with you on sale day to receive a \$50 per head discount.

This year's sale will also feature a powerful set of spring bred cows and heifers as well as four tremendous young females from the Pyszka family. We stand behind our cattle. Proof of our success is in our customers and we are very grateful for all the conversations, friendships and alliances which this wonderful business has allowed our family to have and maintain over the years. Thank you for your business, your friendship, and your continued trust in our program.

We would like to thank contributing herds: Hackett Farms, Pyszka & Sons Cattle, and Evers Farms. Their friendship and continued support of our program is greatly appreciated.

Please mark your calendar for March 28th and join us early to view the cattle and have lunch. If there is anything that we can do to assist you in any way, please don't hesitate to give us a call.

Results You Can Measure – People You can Trust.

Thanks Again,
Ben Sandrock

COMMENTS FROM THE SALE MANAGER:

On behalf of the American Angus Hall of Fame, it is certainly a pleasure to be working with Ben Sandrock along with the Sauk Valley family and crew on this outstanding set of Angus genetics. In this year's sale you will find one of the stoutest and most impressive sets of young herd sire prospects ever offered in Sauk Valley Angus history.

Sauk Valley had an opportunity to once again exhibit an outstanding set of bulls at the 2020 National Western Stock Show. These bulls are represented throughout the catalog and you, the buyer, have the opportunity to select these bulls along with their contemporary groups from this outstanding offering.

As you flip through the sale catalog, you will find an impressive set of service-age bulls backed by breed-leading AI sires and the most prominent cow families with outstanding EPDs across the board. As you continue through the catalog you will see that these bulls rank in the top percentiles among non-parent bulls across the country.

This is without question one of the deepest sets of Angus genetics that you will find in Sauk Valley history. Please plan to be with us on March 28, 2020, for this great event. If you have any questions, please feel free to contact the American Angus Hall of Fame at (816) 532-0811.

*Sincerely,
 Tom Burke, Kurt Schaff, and Jeremy Haag*

• SVA 2020 NWSS DISPLAY BULL.

- If we could pick a bull that we have raised over the course of several generations to "hang our hat on," this would be the bull. A heavy boned, long bodied, balanced scale crusher, this bull radiates excellence. He is a true herd bull in every sense of the word. An elite EPD profile and off the charts performance coupled with a tremendous phenotype have made SVA Reagan 8304 one of the most talked about young bulls of the 2020 sale season.
- He has an individual weaning ratio of 130, yearling ratio of 136, %IMF of 110, UREA of 121 and stems from a dam that records BR 4@99, WR 3@117, YR 3@117, %IMF 2@104, UREA 2@112.
- A rare opportunity here... Top 1% of the breed for WW, YW, \$B, \$C, powerhouse phenotype, and out of the famous Pride cow family that traces back to the dam of BR New Frontier 095! 1st in adj WW, WW ratio, WW epd, YW ratio, YW epd, \$B, \$C; 2nd in RE ratio; 3rd in adj YW, adj RE. A real game changer.
